Secretary Connors read the following communication from Chief of Department:

January 5, 1975

Honorable President and
 Members of the Fire Commission

Gentlemen:

I recommend that you approve an amendment to the Annual Appropriation Ordinance for fiscal year 1974-75 that would add Section 10.2 thereto.

This new section would allow us to transfer any surpluses in civilian salaries to the civilian overtime appropriation. The civilian overtime appropriation, historically, has been under-funded, thus preventing our payroll personnel, for example, from working overtime to process retroactive time rolls and holiday time rolls.

Before funds will be released for this purpose, the Controller's Office and Finance Committee of the Board of Supervisors would have to approve the request.

Respectfully submitted,

/s/ Keith P. Calden
 Chief of Department

Dear Lt. Conti:

The fire truck from Engine 23 with Santa and other men from your station was a most warm finale to our day of Christmas festivities. Thank you so very much for your kindness to us at Christmas in your annual pilgrimage with Santa aboard. The children were delighted to play on the fire truck and to welcome Santa. Very happy holiday wishes to all of you at Engine 23. Thank you again for your help to us.

Dear Chief Calden:

I would like to convey the warm feeling that the students and faculty of Sunnyside School have toward Fireman Glen Hoover of the Stonestown Firehouse. Mr. Hoover took his own time off to play Santa Claus for the students of Sunnyside School. I think he has done an excellent public relations job for your fire department. We at Sunnyside thank him for his kindness and Christmas spirit.

Sincerely,

/s/ Allan Sebanc

Dear Chief:

May I thank you for the prompt action of your department in responding to a call from my wife at our home 1010 Francisco Street, when our antenna - an unusually large one -- blew down on the roof of a neighbor and threatened to fall on the sidewalk. Your men were prompt, courteous and most helpful in this dilemma. It was a pleasure to see them in action, according to my wife. My thanks again and all good wishes for the holidays and the new year.

Honorable Morris Bernstein
Fire Commissioner of San Francisco
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Mr. Bernstein:

Recently we were requested by American Risk Management, Incorporated to organize a private fire brigade in our plant and have training sessions conducted at least semi-annually and reemphasize procedures, duties and so forth.

Not knowing how to get into this program we called the San Francisco Fire Department and was referred to an Inspector Russell Albano. An appointment was made with Inspector Albano and he and Investigator Robert J. Willett came to our plant and made a very thorough survey. After the survey they gave us their recommendations and have referred us to Richard Dineen, a Technical Supervisor, who will be available after the first of the year to instruct and train some of our key personnel.

My real reason for writing this letter is to compliment you on the willingness of Inspector Albano and Mr. Willett to help us in every way possible. If your entire department is made up of personnel of this caliber, and I am sure it must be, I can understand why it is said that San Francisco has the finest Fire Department in the world. Again I say -- I thank you.

Sincerely,

/s/ J. F. Harroo,

Keith P. Calden, Chief
San Francisco Fire Department

Dear Chief Calden:

Mr. Moler and I would like to ask you to relay our thanks to the men who responded to our call when Mr. Moler was taken ill on the evening of December 30.

They arrived so promptly and with all sorts of equipment, which fortunately was not needed. We could not reach our own doctor until the next day, so it was doubly thoughtful of the man in charge to suggest that we go to the Emergency Room of Presbyterian Hospital; Mr. Molar was admitted and remained there until the following afternoon - (heart fibrillation).

Many thanks to all.

Sincerely,

/s/ Mary M. Moler

Dear Chief Calden:

On Monday morning, December 16, 1974, there was a fire at 840 Corbett, which also threatened the building next door. As I reside in one of the apartments at 814 Corbett, the adjoining building, I would like to express my gratitude for a job well done by those firemen at the scene.

Sincerely,

Thursday

Gentlemen:

This is a fan letter! I came home to 1233 California Street, New Year's night, to find the building full of firemen. They were so kind and courteous, besides efficiently coping with the stupid fire (caused by a cigarette in an overstuffed chair), that I felt I would like to express my appreciation.

Happy New Year to you all.

/S/ Barbara Miller

Dear Chief Sangiacomo:

On behalf of the Vista Key Friendship Club of the San Francisco Recreation and Park Department, Recreation Services for the Handicapped Division, I would like to express my sincere thanks for all the assistance that was given by you and your assistant Ms. Dawson. We had approximately one hundred fifty (150) members and thirty (30) guests. The joy that the members expressed was tremendous. They especially enjoyed all the fanfare of delivery, the fire trucks and sirens. As for myself I can only say the turkey was great. Again, my sincere thanks to you and your staff, and much joy in the coming year.

Sincerely,

/s/ Don C. Franklin

Dear Keith,

As you know I'm from a family which certainly was "aware" of firemen-- however, one never really appreciates the wonderful job they do each day until something happens to one personally.

Last Monday, January 6th, the flats next to ones I own at 39-41 Ashbury Street caught fire and from all reports it was an intense one. Thanks to one of my tenants, Jerry Shannon, who was off-duty, his cooperation with the trucks who answered the call and his knowledge of the alley-ways, etc., cut the loss to the flats next door and no doubt saved my flats from considerable damage.

Please convey my sincere thanks to him and all the other firemen who were involved. Kindest personal regards to you and Agnes.

Gratefully,

/s/ Marion Gibson

January 6, 1975

To Whom It May Concern:

On the night of January 1, 1975 the apartment building on the corner of Ashbury and Waller Streets caught fire. We are the tenants of one of the damaged flats, although not the cause of the fire. It was our first experience with a fire and we were amazed at the results. We would like to thank all the firemen involved and send some well earned praise. After sitting out in the street and thinking that all we owned was in ashes, we were astounded to find that absolutely none of our possessions were damaged. This was all due to the fact the firemen got the fire out in minutes and didn't wet anything that absolutely didn't need it. When we were finally allowed to go up and see our place we found the firemen cleaning up the wet floors and putting plastic on the windows that had to be broken. They took the time to show us what damage had been done to the building. All the firemen were very courteous and friendly and above all sympathetic. They had even covered up our parakeet. We don't know how they did it all, but it was

a relief to us later to see the results of a truly professional fire department. We can't thank you all enough, but wanted to write this letter to convey our feelings of gratitude.

D) Formal Hearing - Fireman John Dea. (Reference: Journal of Proceedings #2625 - December 16, 1974, Item "H", Page 9)

The Fire Commission held the Formal Hearing of charges against Fireman John Dea on January 8, 9, 13, 14, and 16, 1975. A total of 15 witnesses were heard during those 5 days. On January 16, 1975, the Formal Hearing was suspended at 1040 hours when the Fire Commission learned from the Fire Department physician that Fireman Dea was incapacitated and unable to continue with the hearing. The Fire Commission suspended the hearing until further notice.

President Tham directed to incorporate this report in minutes of today's meeting and file for the record.

E) Submitted for approval, Budget for 1975/76 in the amount of \$52,886,066.

President Tham asked for comments from anyone in the audience. James Ferguson, President of Local 798 reported that the Union had received a bid from only one uniform cleaning service which came to \$36.00 per month per man, based on an average annual usage of 1500 members, for a total of \$54,000 for the year. He requested that this sum be incorporated in our 1975/76 budget. President Tham asked Chief Calden if there were going to be any administrative costs with this request. Chief Calden indicated that there would be but that he had not yet finalized the extent of the costs. After Local 798 meets with Assistant Chief Frank Sangiacomo on this matter, a report will be made to the Chief of Department and a recommendation will be made to the Fire Commission for possible incorporation into the Supplemental Budget for 1975/76.

Before adopting the budget for 1975/76, Chief Calden recommended and the Fire Commission approved the inclusion of an additional \$7,500 under the category of Maintenance and Repair of Buildings so that the Department of Public Works, Bureau of Building Repair, would make certain that fire station electrical outlets comply with CAL/OSHA requirements.

Commissioner Bernstein moved and President Tham seconded that the Fire Department budget for fiscal year 1975/76 in the amount of \$52,893,566 be approved.
President Tham: So ordered.

Present at this meeting were representatives of Local 798 - President James Ferguson, Secretary Leon Bruschera, Gerald Schroff and Anthony Sacco.

There being no further business to come before the Commission, the meeting was adjourned at 1015 hours.

Keith P. Calden, Chief
San Francisco Fire Department

Dear Chief Calden:

My sister and I want to thank you very much for the sympathy and courtesy extended our father, Robert Ceiley who died on December 31st. The Pall Bearers and the honor guard were very meaningful particularly since our Dad was so proud to have been one of you.

We are fortunate to be the proud owners now of the 91st Division Award and the Rainey medal for "Bravest Fireman of 1933". We also have the wonderful memories of the Firemen's Balls and the original quartet of Bill Best, Joe Blackely, Chief Bill Murray and our dad, singing bass.

Between his pension and Social Security he was able to live, at 85, in a very dignified manner. In these troubled times, I feel he was very fortunate. We were never rich but the wonderful pension allows the men to continue to live, as I said, with dignity. Thank you again.

Yours truly,

/s/ Barbara Ceiley Koller and
Roberta Ceiley Heidenrich (sister)

Dear Sirs:

On Saturday, January 18th, John and I were in lobby at 5:30 PM waiting for dinner. Suddenly I felt faint - and as I had a touch of pleurisy, I guess I just passed out cold.

Next thing I know 1 Engine's rescue squad came and Maculuso saved my life, as I had no pulse. They called our Doctor and he ordered me sent to St. Francis Hospital in private ambulance.

My husband is John Faivre, the well-known blind cellist who has played at many Firemen's balls. We are deeply grateful to Captain Maculuso and his boys.

I am home and resting. It was not heart, but pleurisy and fatigue.

Thanking you,

/s/ Gladys L. Faivre

Dear Firemen at Engine #43:

We want to thank you for a most educational and delightful time we had at your station last week when we brought out two classes of young retarded children for a visit.

All your personnel were most friendly and accomodating to the children. They made sure the children were aware of all the unique equipment at the station, and made everything meaningful at their level of comprehension. Thank you once again.

Members of the Fire Commission

Gentlemen:

I respectfully request a Leave of Absence, with Pay, for two (2) days, February 10 and February 11, 1975 in order to visit Dr. Jean S. Felton, Los Angeles County Occupational Health Department.

The purpose of this visit is to discuss the program of pre-employment testing, continuing testing, and stress testing regarding prospective fireman candidates. Additionally, I will review statistics of occupational problems such as back, heart, mobility, etc.

I believe that such a visit will be productive and may lead to legislation that would enable the San Francisco Fire Department to improve pre-employment screening practices.

Very truly yours,

/s/ Victor P. Bonfilio, M.D.

Chief, Engine Co. 41
San Francisco Fire Department
1365 Leavenworth Street
San Francisco, Calif.

Dear Sir:

I wish to commend you and your firemen for your handling of the emergency on the second floor of 899 Pine Street last Saturday evening, February 8th. You arrived very promptly after my call, and due to the efficient and courteous handling by all of you, the damage in my apartment, which is No. 208, was not what it otherwise might have been.

I suspect eventually the apartment and my things will be dry again. The legs of the furniture can be refinished, and presently my carpets are at Turkoperson for drying and cleaning. The management has been very uncooperative and concerned of our welfare, and all of those of us affected feel it is only due to you that we have any possessions at all left. I want you to know I appreciate it very much, and wish to thank you.

Very truly yours,

/s/ Margaret A. Burger

Dear Sir:

This is just to express to you and your department my personal appreciation and that of our church for the remarkable way in which one of your units responded to a call last Friday. The lower portion of our church was flooded with six inches of water and we knew of nothing to do but to call you folks. The truck was here in a very few minutes, and the men stayed for several hours pumping out the water until the job was done. We couldn't have asked for finer service.

I suppose you occasionally get criticisms for this or that, and so I wanted you to know that for our part we're very positive about how your men responded.

Sincerely,

/s/ Robert D. Bulkley

Re: Engine Co. #11

Dear Chief Calden:

Sunday, Feb. 9th at approximately 1540 hours the following incident occurred at 26th & Church Sts. A vehicle driven by a male individual suffering either a cerebro-vascular accident or massive coronary failure collided with a parked vehicle. Your engine company responded to the call; I am pleased to offer my commendation for the action of your involved personnel during very trying circumstances.

Some 15 or 20 minutes had elapsed between the incident and arrival of help. Vital signs were missing; it was apparent the individual in the vehicle had already expired. A heavy downpour mixed with hail was falling at the time. Under all difficulties above mentioned, your crew still assiduously applied cardiac massage & O2. Every effort to restore and/or maintain hope for survival of the patient until arrival of the Ambulance Crew from S. F. General was made. I trust should I ever need emergency help, someone responds with the same efficiently trained help.

Sincerely grateful,

/s/ Lester F. Bulloch, D.C.

February 27, 1975

- (a) Mr. Ray Connors, Secretary
Honorable Board of Fire Commissioners
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, California

Dear Mr. Connors:

On Monday the 3rd of March, 1975, I will be installed as a member of the RETIREMENT BOARD, City & County of San Francisco, in the chambers of the Honorable Harry Low, Judge of the Superior Court, Room 403, 12 noon.

/s/ Leon D. Bruschera

President Bernstein extended congratulations to Mr. Bruschera on behalf of the Commission; Commissioner Tham proffered his personal congratulations.

- (b) Another communication was read by Secretary Connors:

February 24, 1975

Honorable President and Members of the Fire Commission

Gentlemen:

I respectfully request that you approve and submit to the Honorable

Joseph L. Alioto, Mayor, and the Board of Supervisors, a Request for Supplemental Appropriation for \$28,000.

These funds will be applied to:

4.145.216.000 - Main. & Repair of Automotive Equipment -	\$16,000
4.145.219.000 - Main. & Repair of Equipment-Firehouses -	<u>\$12,000</u>
Total	\$28,000

On August 26, 1974, we submitted to the Mayor, a Request for Supplemental Appropriation for \$33,000 to be applied to 4.145.219.000 - Maintenance & Repair of Equipment-Firehouses. That Request reflected a projected deficit based on information as of July 1, 1974.

Based on expenditures through January 31, 1975, we now project a deficit in two Maintenance & Repair Accounts - 4 percent in 4.145.216.000, or \$16,000; and a revised deficit of 35.6 percent in 4.145.219.000 - \$33,000 previously was requested and \$12,000 is included in this Request for Supplemental Appropriation.

Central Shops Purchasing has submitted the following Maintenance and Repair costs through January 31, 1975:

<u>O. E.</u>	<u>AMOUNT APPRO.</u>	<u>EXPENDED THRU Jan. 31, 1975</u>	<u>BALANCE</u>
216	\$406,931.00	\$259,362.21	\$157,568.79
219	126,396.00	\$100,166.39	\$ 26,229.61

The deficit in 4.145.216.000 is due to a lower pattern of funding during the past four fiscal years, plus our current effort to catch up on deferred maintenance on some of our front-line -though older - pieces of apparatus.

<u>Fiscal Year</u>	<u>Amount Appropriated To 4.145.216.000</u>
1971-72	\$445,662
1972-73	\$435,095
1973-74	\$396,807
1974-75	\$406,931

Of the total amount in this Request for Supplemental Appropriation, we propose to fund \$22,000 from surpluses in various Fire Department appropriations. The balance of \$6,000 would come from other legally available funds.

Respectfully submitted

/s/ Keith P. Calden

Commissioner Tham moved and President Bernstein seconded adoption of this Request for Supplemental Appropriation.

President Bernstein: So ordered.

(c) The following additional letters also were read by Secretary Connors:

February 27, 1975

Honorable President and Members of the Fire Commission

Gentlemen:

In Compliance with Section 4001 of the Rules and Regulations, I herewith file a formal complaint against Mustafa A. Hamid, Fireman, Engine Company No. 23, for conduct unbecoming a member of the Fire Department.

On January 11, 1975, Officers Hoch and Coreris of the San Francisco Police Department responded to Sears Department Store, at Army and Mission, and interviewed a Ms. Mosley who was employed at that location as a security guard. Ms. Mosely stated that at approximately 1605 hours on above date

she observed Fireman Hamid place a woman's two-piece dress into a Sears bag and then exit the store without attempting to pay for the merchandise. Ms. Mosley stated that she apprehended Hamid outside the confines of the store. The responding officers cited Fireman Hamid for Petty Theft (488 P.C.).

On February 19, 1975, Fireman Hamid appeared before Judge Yee in Department 10, Hall of Justice, and pleaded guilty to a lesser charge, i.e., Sec. 602 (1) Penal Code, "Entering and Occupying Real Property or Structures of Any Kind Without the Consent of the owner, his agent, or the person in lawful possession thereof".

He received a 30-day suspended sentence, put on probation for one year and fined twenty-five dollars.

I declare, under penalty of perjury, that the afore-mentioned charge set forth above is true and correct.

Executed this 27th day of February, 1975.

Respectfully submitted

/s/ Keith P. Calden
Chief of Department

Gentlemen:

On February 12th an emergency call was made at 8:30 AM for my husband who was having a heart attack. My husband was rushed to Kaiser Hospital, but he did not make it. If my husband had made it, it would have been through the efforts of the men who tried so hard to save him.

I am so grateful to the firemen who were so courteous, considerate, and who tried so hard to save my husband's life.

Sincerely

/s/ Mrs. Robert Campbell

Dear Chief Calden:

On behalf of the Women's Association of Allied Beverage Industries, I would like to say how much we appreciated having Operator Richard Dineen speak to our group last Saturday afternoon at the Holiday-Golden Gateway Hotel.

His demonstration with "Annie" was most educational and the question and answer period which followed was excellent. Finding out that the Fire Department provides so many other emergency services, and also the fastest help when needed, should benefit all of us.

Operator Dineen was so enthusiastic about his job and proud of the San Francisco Fire Department, it made those of us who are native San Franciscans very proud also. I know the Department certainly has earned the right to the reputation of being the finest in the country, when it has men like this working for it.

I'm sure Operator Dineen will be getting requests from many of the members to speak to other organizations they belong to.

Sincerely,

/s/ Mrs. Virginia R. Rochester

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Chief Calden:

I wanted to bring to your attention the extraordinary service that your firemen performed on behalf of our building at 201 Sansome Street, the Royal Insurance Building.

As you may be aware, we have a landmark clock which stands about 20 feet high and which is situated on the sidewalk near the curb. The clock had been inadvertently bumped by a trucker during the day last week which caused the top of the clock to tilt precariously towards the sidewalk. Since we first noticed this rather dangerous situation at 8:00 PM in the evening, our options were either to call the fire department for assistance or wait until the following morning to correct the matter with one of our vendors. Rather than wait to the following day we decided to call the fire department. We found your people totally cooperative and most generous in helping us correct this potential hazard.

It would be extremely appreciated if you would forward this letter on to the firemen who were so helpful as we greatly appreciated their positive spirit and generosity.

Very truly yours,

/s/ G. William Tischer
Managing Agent

Chief Keith P. Calden

San Francisco, Ca. 94102

Dear Chief Calden,

The staff, children, and Board of Directors wish to thank you for your exceptional program of public service and education. We have completed our Fire Unit for our four to five year old class of thirty children. We visited Captain Gerald Cullen and the Firemen of Engine company 21. They were most helpful and did a wonderful job in speaking to the children. You probably know how difficult it is for an adult to direct remarks to four and five year olds in a manner they can understand. The men did just that and allowed the children as much freedom as is possible within the Department rules and regulations. The children had a wonderful afternoon in the Firehouse and also had an opportunity to visit the Museum.

A week later, Inspector Carl Wehren visited the children in the classroom. He is an ideal person to work with young children. He really loves them, understands them, and they certainly have the same feelings about him! The children really did go home and make an effort to devise a family fire plan and check faulty wiring. I know this because we received many notes and phone calls from the families.

In all, the Unit was very meaningful and we feel very fortunate to have the S. F. Fire Department available for this kind of service. Thank you for your efforts in the area of an on-going educational program for the children of San Francisco.

With warmest regards,

/s/ Bobie Hurtado
Executive Director

Dear Chief Calden,

We would like to express our thanks and appreciation to Battalion Chief #5 and Engine Companies #6 and #12 for their fine work in removing an automobile which was blocking the N line streetcars, both inbound and outbound, in the Sunset Tunnel on Monday, March 3, 1975 from 4:55 pm until 5:25 pm.

Without this very good assistance, the numerous Muni passengers on these streetcars would have been inconvenienced for an even longer period of time.

Thanks for a job well done.

Chief Keith Calden

San Francisco, Calif. 94115

Dear Chief Calden:

We had occasion this morning to turn in a fire alarm for a blaze on one of our exterior building signs.

I do feel that you would like to know that the response of the San Francisco

Fire Department was extremely speedy. The fire was extinguished in short order by these men who were truly professionals. Further, the entire group under the direction of Battalion Chief Sherratt was extremely cooperative and very pleasant to myself and to the members of the staff.

We do appreciate all of this, and to borrow a phrase from Allstate -- We feel that we were in good hands with the San Francisco Fire Department.

Very truly yours,

/s/ John P. Flynn, Manager
Asst. Vice President

March 25, 1975

Dear Chief Calden:

At 6:50 AM, March 14, 1975 in Pixley Alley between Webster & Buchanan Street, the Rescue Squad drove up. It was for a neighbor who probably had a heart ailment. It wasn't too long after the Rescue Squad arrived, when the Ambulance appeared on the scene. I thought the Rescue Squad would leave when the Ambulance came, but they stayed until the patient was brought from the house, then they, the Rescue Squad lined up on each side of the stretcher and helped the Ambulance attendant to lift the patient carefully into the Ambulance, then the Rescue Squad left and the Ambulance followed. Never have I seen such beautiful teamwork. These men should be highly praised for the wonderful service they give, and remember they are giving of their life, to save others, this is what you call a TRUE CHRISTIAN. My nephew, Joel Moeller, is a Fireman; he drives at the rear of the truck, and probably does many other things. I am very proud of him and assure you he worked very hard to be where he is now, and I consider him one of the best along with the rest of the Fire Department; it just has to be a team, and from what I witnessed that morning it is the most wonderful team ever.

Sincerely

/s/ Mrs. John H. Moeller

Dear Sir:

This note is to commend your Rescue Squad who answered a telephone call about 5:30 a.m. March 21. I had a bad asthma attack and while they could not perform a miracle for me, they certainly took over and got me to the hospital. I do want you to know how kind, thoughtful and capable they were.

San Francisco, Ca. 94118

Dear Chief Calden:

I wish to extend to you my sincerest thanks for the prompt and courteous assistance given to me by Lt. McDowell and his crew from Truck #18, 1935 - 32nd Ave., on the evening of March 21st when we had such torrential rains.

Water had accumulated on part of my roof over a light well in my bathroom, due to clogged drain from gravel from neighboring roof. As I live alone, I became very concerned that the water would overflow during the remaining evening. Lt. McDowell responded to my call immediately and corrected the matter with a plunger. They were all so wonderful to me that I just had to put my thanks in writing to you. Three cheers to your great Fire Department.

Sincerely

Dear Sir:

We would like to express our gratitude for the very prompt attention you gave to our letter of April 5th in which we apprised you of our problem here on Laidley Street. Your inspector, Mr. Robert C. Willett, was here at the earliest possible time and handled the matter in a most concise and apparently efficient manner. The police appeared soon after and issued warning citations to the few remaining cars parked overtime on the street. It looks as though the matter has now been resolved with no punitive steps necessary, and since this is exactly what we wanted, we are extremely grateful and obliged. Thank you!

Yours very truly,
The residents of one hundred block
Laidley Street

Dear Chief Calden:

On March 25, 1975, 1306 hours, I received a resuscitation call to 2255 Washington Street at Laguna. A 70 year old man, Mr. William Murphy had a cardiac arrest. The assistance I received from your Rescue #2 Firemen Dave Dyc and Jerry Overstreet was most helpful. The emergency that requires the most work is a cardiac arrest and your department and the Emergency Medical Service can together save many lives. The key to our success is the team approach and again I wish to thank these dedicated men and your department.

Sincerely,

/s/ Frank McMahon

Hon. Keith P. Calden, Chief
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Chief Calden:

Please extend our sincere gratitude to all who participated in the fishing program at Shriners Hospital on April 23 sponsored by the San Francisco Fire Department and the San Francisco Police Department.

We are truly appreciative of the hard work done by those responsible for transforming our swimming pool into a "cool mountain stream" in order that our young patients could become trout fishermen for the day. The "fish fry" which followed the catch was also a huge success for our children.

We are especially grateful to Mr. Ben Petticord for supplying the fine rainbow trout from his Troutmere Hatcheries, and to Inspectors Robert Willett and Norman Silva, who joined Officer Mike O'Toole of the Police Department, in working so diligently to "stock the stream". With our many, many thanks and kindest wishes,

Sincerely yours,

/s/ Miss Clara Wallace

On behalf of the members of the San Francisco Electrical Contractors Association, I want to thank you for the fine presentation you made at our April 24th membership meeting. This subject of Life Safety Systems in High-Rise Construction is very important to us and will be even more important in the future. We certainly appreciated the opportunity to review this subject with you. I have received many compliments on your program and the progressive attitude the San Francisco Fire Department has taken in this area. Thanks again.

Dear Chief Calden,

On the evening of April 25th, our church women's group - Cumberland Presbyterian Homemakers - had the privilege of hearing Inspector Wehrin speak to us on the "Fire Hazards in the Home". I understand our group was the first to utilize the new video tape recorder which the S. F. Fire Dept. recently purchased. We found the tape very interesting and well presented. It answered the many questions we had with regards to various kinds of home fires, i.e., electrical, grease. We liked the live demonstrations in the film on how to roll out of bed, how to extinguish grease fire and how to make several plans for fire escape. We especially enjoyed the question & answer period with Inspector Wehrin. He should be commended for a job well done in his service to the public.

Sincerely,

Chief Keith P. Calden
San Francisco Fire Department
260 Golden Gate Ave.
San Francisco, Ca. 94102

Dear Chief Calden:

I just wanted to call your attention to the good work done by Officer William Carey and the other men in Engine 14 in rescuing myself, 2 friends and a dog from a cliff in Seacliff on May 3rd. Officer Carey was let down over the side of the cliff on a rope to lead the operation. His calmness and confidence immediately reassured us. Quickly and skillfully he hooked us up individually and we were all pulled to safety. We all appreciated his consideration when, after some small rocks - and several not so small - began to fall on us, he gave 2 of us his helmet to wear, thereby exposing himself to additional danger in order to protect us. I must admit that I never gave that much thought to the bravery and skill that the men of San Francisco's Fire Department are regularly called upon to exercise. But it all came home to me a week ago Sunday, and I am deeply grateful.

Sincerely,

/s/ Leonard Roy Frank

Dear Sirs,

This is a letter of appreciation to let you know that someone thinks you are

really on the ball! The other night, my husband and I smelled smoke out in the hall, so we gave you a call. Within three minutes, some firemen were here and had everything under control. It sure is a nice feeling to know we are protected so well by you. Thank you. We both admire and respect what you have done. Have a nice day. Thank you again.

Sincerely,

/s/ R. Clarkson

Dear Chief Calden:

The classroom and practical demonstrations given by two members of your department on April 29 to our Floor Wardens were well presented. The instructions included classes of fires, actual use of the 1-1/2" hose and multi-purpose dry chemical extinguishers to control incipient fires. Captain Ryst and Inspector A. Pierucci are to be commended for their extensive and expert knowledge on these subjects. The feedback reports from our Floor Wardens confirm my personal opinion of the session - They were outstanding! We wish to express our appreciation. Thank you for a professional job - Well done!

Very truly yours,

Dear Sir:

On behalf of the Hyatt Regency Hotel San Francisco please consider this letter an expression of our sincere thanks for the splendid way the San Francisco Fire Department handled the near catastrophe in the Hotel on the evening of 5/7/75. If it weren't for the help and cooperation of the Firemen of the Leavenworth Station, the flood, due to a broken fire main, would have cost the Hotel thousands of dollars in damage and the destruction of many computers that were on exhibition. Again, we thank you for all your help and cooperation.

Very truly yours,

/s/ James Fogarty

Mr. Keith Calden, Fire Chief
San Francisco Fire Dept.

San Francisco, CA. 94102

Dear Chief Calden:

I want to personally thank you for the assistance of the San Francisco Fire

Department at this year's Scout-O-Rama West, held at Fort Mason, on Saturday, April 26th. The show was a big success. Please convey my thanks to the men of Engine Company No. 2 who manned the fire engine on display during the show. The engine was a very big attraction primarily due to the personnel with the engine. Each man was a very popular and effective representative of the Fire Department. I sincerely appreciate their contribution. I also would like to acknowledge the assistance of Chief Sangiacomo and Lt. Rodriguez and the men of the fire boat who put on a water display.

Sincerely,

/s/ Hobart R. Humphrey
Chairman, Scout-O-Rama West

Dear Chief Calden:

May I bring to your attention, the FLAME organization's contribution of time, materials, and financial donations, which made it possible for every physically handicapped student of Sunshine School to enjoy a day of fishing at Lake Merced on May 5 and 6, 1975. Without the help of the thirty-five off-duty firemen who volunteered their time, the Sunshine School Fishing Trip would not have been possible. Arrangements were made by the FLAME group for students of Epiphany School to assist our youngsters. This activity, I am certain was beneficial for students of Epiphany as well as the students of Sunshine.

We are grateful to the San Francisco Fire Department for their assistance. While I know there were many men involved in the project, may I express our thanks to you for your support and also special thanks for the leadership work of Roger Bross and John Sullivan, whose concern for the welfare of our children has always been expressed in terms of action.

Sincerely,

/s/ Kaz Maruoka, Prin.

Dear Sir:

On the 30th of April, Lt. Anthony Rodriques, of your staff, conducted a tour of the Fire Department for our Fire Science class. We are from an area of smaller municipal and rural fire departments and were anxious to observe a metropolitan fire department. We were not disappointed.

The tour was extensive. We witnessed training evolutions at the Fire College with numerous pieces of apparatus. We had an in depth look at the Alarm center. We visited the excellent fire museum and toured a fire boat. Our visit was truly rewarding. The students were exposed to a side of the fire service that, previously, was only available in a text. The questions they asked were thoroughly answered and we were made most welcome by every member of the department.

We would like to thank Captain Charles Lee of the Fire College, Lieutenant Richard Winn, Fire Boat, and Gary, who spoke to us at the Alarm Center. Their thoroughness and professionalism were in keeping with the highest standards of the Fire Service. We wish to especially thank Lieutenant Rodriques who made all of the arrangements, stayed with our group the entire day and did everything possible to make our visit a success. His planning, thoughtfulness and knowledge made our trip both informative and enjoyable. Your department's co-operation and help were greatly appreciated.

Respectfully

/s/ Hank Gilliam

Dear Chief Calden:

It is our pleasure to have had the excellent help from the men from 16 Engine

on a call to a resuscitation case which was a cardiac arrest of a female, Mrs. Florence Fugler. We were called to assist your men who were doing a very able job upon our arrival. We both wish to extend our thanks to the men of the SFFD who so able assisted us to transport this seventy eight year old female to Letterman General Hospital. Their efforts and assistance were excellent, their technique was faultless, whatever chance this elderly woman had to survive could clearly be placed on this rescue squad. May we both say once again, thank you for a very workmanlike effort, it was a pleasure to assist you.

Dear Sir:

My family and I have been advised that members of your department were first to respond and offer assistance to my father, Mr. Damon A. Lewis, when he was stricken with a serious heart attack while shopping at the QFI Market in Stonestown the early afternoon of Friday, May 2, 1975. Although the attack proved to be fatal, it was comforting and reassuring for us to know that a unit of the San Francisco Fire Department responded immediately and made every possible effort to save my father's life. We are, of course, unable to readily identify the particular individuals involved and trust you will relate our thanks and heartfelt appreciation to those members of your department for their assistance on May 2, 1975.

Sincerely,

/s/ Damon R. Lewis

To Whom It May Concern:

Last Friday my father was stricken with a heart attack at 1896 Pacific Avenue. The Fire Department's resuscitation crew was called; and although they could not revive him, probably because of his advanced age, their performance was outstanding. May I express my sincere appreciation and thanks to all for a superb effort on his behalf. Despite the tragic circumstances, the entire family was impressed with your squad's proficiency. Again many thanks

Sincerely,

Dear Chief Calden:

I would like to express my sincere gratitude to you and the members of San Francisco's Finest - the Fire Department - for the extraordinary job you have done for the students at Sunshine School during this school year. We have been the lucky recipients of many hours of help, enthusiasm, and special attention from many fire fighters. The year started with your tremendous boat ride and fire equipment display for our entire school. We then received continuous help through FLAME on the bowling excursions for our oldest students. Then, of course, came an outstanding fishing trip and picnic on May 5th and 6th

that treated all the students at our school. Needless to say, without that kind of attention our boys and girls would have missed many exciting hours and memories. Please convey our appreciation to all the members of your Force for a job well done!

Sincerely,

/s/ Marily Greenlaw
P.E. Instructor

June 16, 1975

Dear Sirs,

I want to compliment the S. F. Fire Dept. who put out a 2-alarm fire in my flats at 1021 Castro about 2 weeks ago. Due to their quick response to the alarm, the damage was limited. Also I have some valuable antiques which were carefully put in the center of the room and were undamaged. Damage by water and other fire preventive devices was held to a minimum. Again, thank you very much for the fine work the men did, which goes to prove that S. F. has the finest Fire Dept. in the country.

Sincerely,

/s/ Richard Shreve

Dear Commissioners:

As the end of our school year approaches, I would like to express my appreciation to you and to all the members of the San Francisco Fire Department who worked so hard for the children of Sunshine School. We have been the happy recipients for two years now of many hours of time, enthusiasm, and cooperation by many displays, picnics, fishing trips, gifts from "Santa" and help with our bowling trips, courtesy of FLAME. In addition to those special events, we have received many hours of repair work on our toys and help with the physical education department. Special mention should be directed to the assistance provided by Mr. Roger Bross, Mr. John B. Sullivan, and directors of FLAME. Thank you once again for all the splendid cooperation.

Sincerely,

Keith P. Calden, Chief of Department

San Francisco, CA. 94102

Dear Chief Calden:

On June 4, 1975, I was alone in my home suffering from an acute asthma attack. I could just barely communicate with my doctor who is in Burlingame. He told me to call the fire department. I could not even dial the number, the operator took care of it for me. In no time, the resuscitation squad arrived followed by the paramedics. I cannot praise them enough for the splendid care they gave me. The Paramedic called the doctor, made arrangements for an ambulance and before I realized it I was enroute to Peninsula Hospital.

I am nearly sixty seven years old and live alone. I have had this condition for only about two years. It is a frightening experience- but thanks to these well-trained men, in the event of a recurrence. my fears will be lessened. One of the men - a very fine looking young black man (whose name, I am sorry, I do not know) was especially competent. He knew how necessary it was for me to relax and worked on my neck and shoulders. I am a third generation Bay Area person and this is the first time I have been aware of this outstanding service. San Franciscans are, indeed, fortunate to have such a group at their disposal. My sincere thanks and compliments to you for these fine men who saved my life.

Gratefully

Chief Keith Calden
San Francisco Fire Dept.
260 Golden Gate Ave.
San Francisco, CA. 94102

Dear Chief Calden:

Dear Chief Calden,

Please extend our sincere thanks to Lieutenant Paul Gaspar and the men of 18 Truck for their visit yesterday to our school. Seeing a real fire truck up close, meeting the real firemen and getting to wear their hats, and especially seeing the big ladder go up so high, provided a real thrill for our young children. The firemen were most courteous and patient, and the children will be talking about their visit for a long time to come. We appreciate your cooperation in making this experience possible.

Sincerely,

/s/ Helen Huggins
Director

PACIFIC FIRE EXTINGUISHER

Keith P. Calden, Chief
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Chief Calden:

I had the pleasure of attending a Seminar on June 19th at the Hyatt Regency Hotel. The Seminar was presented by the Northern California Chapter of the American Institute of Architects, and the Construction Specifications Institute.

The highlight of the evening was the presentation made by Lt. Engler of the San Francisco Fire Prevention Bureau. His presentation was excellent, and his rebuttal to questions from the floor left all with solid answers to questions posed. I feel that he should be commended for his fine presentation, as it represents a sound understanding of the problems and a willingness to work toward solutions for all concerned. He is very proud of the department he works in and is an excellent representative of the Fire Department of San Francisco.

Very truly yours,

/s/ Harold W. Gray, Jr.

Fire Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Ave.
San Francisco, CA.

Dear Chief Calden,

I would like to express my sincere and heartfelt thanks for Flame's generous donation to fun for the handicapped on July 1, 1975. The children, the teachers and other helpers all had a fantastic time seeing the firemen in action on the St. Francis Hook and Ladder and touring the Bay. The opportunity for our campers to meet "real firemen" was certainly exciting. Mr. J. B. Sullivan outdid himself in time, aid and organization of the day. The only problem which I, as camp director, must now contend is how can I top that! Enclosed is the press release sent to all San Francisco news media. Thank you again for a wonderful day.

Sincerely,

/s/ Lane Foedish
Jerry Ringerman

Keith Calden, Esquire,
Chief, San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Cal.

Dear Chief Calden:

This letter is sent to express my gratitude and thanks to the men at Engine 21, 1443 Grove Street, this city, who came to my rescue last Thursday evening. Last Thursday evening around 8 o'clock one of the tenants in my building at the northwest corner of Parker Avenue and McAllister Street phoned me in a panic that the hot water pipe under the kitchen sink had broken and the extremely hot water was flowing beyond control. I tried without success to reach a couple of plumbers and was growing frantic myself not knowing what to do, when my tenant said to call the Fire Department. Within a very short time the men from Engine 21 arrived and it didn't take them long to locate the hot water "turn-off" valve in the basement. Their speedy and efficient help not only saved me from a possible stroke but also curtailed the damage to the premises from the hot water. I am extremely grateful for this unexpected service and I have nothing but praise for the men at Engine 21 - they did me a wonderful service.

Sincerely,

/s/ Marie G. Rice

July 17, 1975

Dear Chief Calden:

May I tell you of the gratitude and admiration I have for the Fire Department? On last Wednesday morning (July 9th) my husband fell in the bathroom. When neither my housekeeper or I could move him, I tried to get our doctor. While we were trying I used my husband's business phone to call the Fire Dept. In five minutes (before we reached the doctor) the engine was there with three of the most efficient and kind young men I have ever met. You are to be congratulated on the training of these men. I do not know the number of the company that responded but you probably can tell by our address. Mr. Stone is in Children's Hospital quite ill and we both want to thank you and the department.

Sincerely yours,

/s/ Mrs. Daniel Stone

Dear Chief Calden:

Mostly, one hears of the unpleasant things, rather than pleasant, so I thought I'd take a few minutes of your time to report an incident in which members of your department performed very admirably! On the evening of July 4th five of us got stuck in the elevator at 610 Hyde St., between the 5th and 4th floor. Finally, after no responses to the emergency bell, a tenant heard us and was asked to call the Fire Department. In very short time a crew headed by Capt. Lambrecht arrived, took the door off and had us out. The speed, efficiency and courtesy of these men was indeed commendable. I wish to take this opportunity of thanking you and the members of this crew for the manner in which this incident was handled.

Yours very truly,

Dear Chief Calden,

On July 11, my fifth grade class and I from Jose Ortega School were given a tour of Engine 19 at 390 Buckingham. Lt. Miller and his men conducted an excellent tour for us and I know my students enjoyed it very much. The entire tour lasted approximately forty-five minutes. I was extremely impressed by the care Lt. Miller took in explaining the purpose of the equipment and how each piece is used. His concern for our safety in the event that a fire occurred while we were there was also commendable. The men of Engine 19 made our trip an enjoyable one and I want to thank your department for always making itself available to teachers and their students. Your efforts in our communities are greatly appreciated.

Sincerely yours,

/s/ Darlene Brasesco

Dear Sir,

On Wednesday, June 16, approx. time 10:30 AM, had an emergency here at 131 Russia Ave. I placed the call, dialed direct and explained the situation. This involved an elderly Chinese lady, Mrs. Jang, speaks no English. She had collapsed on her kitchen floor, was there approximately 30 minutes before I heard her call, of all things, my little Poodles name which she could say. I couldn't say for sure-several minutes- the firemen were here also an ambulance. The firemen were wonderful in entering thru the kitchen window and very kind in handling Mrs. Jong. Also her stove was on. In appreciation and thank you again for the wonderful firemen.

Sincerely,

/c/ Mrs. Elsie Graham

Fire Commission
260 Golden Gate Avenue
San Francisco, CA. 94102

Gentlemen:

I wish to commend the personnel of the Webster-Turk fire station, Engine 5-Truck 5. On Saturday, July 19th, my husband and I had the misfortune of being the shocked recipients of a car accident at the corner of Golden Gate Avenue and Webster Street. Your men were quick and ready to be helpful and assist us. In their efficient manner they had placed calls for an ambulance and the police before we were aware they had-then most willingly offered their help.

Lt. Anthony Sacco was sincerely courteous and kind, firefighter James Hentz, a fine young man, was extremely sympathetic and friendly in his thoughtfulness of offering me a much needed and welcomed cup of coffee and the shelter of the station from the cold and damp weather. My husband and I had never experienced an accident before where assistance was so fully appreciated- at such a time - the display of friendliness and comfort extended is much needed. A very sincere "thank you" to your staff and special commendations to the above named. We are extremely grateful.

Very sincerely,

/s/ Mrs. Walter J. Gasta

Mr. Keith P. Calden
Chief of Fire Department
260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Chief Calden:

Last Friday night, July 25, we encountered a major fire on the mezzanine floor of our hotel. All proper equipment were called and the entire task of keeping our property from additional damage or injuries was under the command of Battalion Chief John C. Smith. We would like to convey to you and all other interested authorities that Battalion Chief John C. Smith and his men are to be most highly commended for a most professional job under the existing conditions. We were impressed by the firemen's display of calmness, and at the same time, aggressiveness while carrying out their specific duties. We feel that experiencing no injuries and a minimum amount of damage of property certainly calls for this note of thanks not only from the management, but also from our entire staff. Thank you.

Yours very truly,

/s/ Thomas G. Ellis, President

Mr. Ray G. Connors, Jr., Secretary
Fire Commission
City and County of San Francisco
260 Golden Gate Avenue
San Francisco, California 94102

Dear Mr. Connors:

This letter is written in connection with the telephone conversation you had on August 4, 1975, with Mr. Kakebe, Director of Administrative Services, in regard to the urgent need to borrow money from your department's Real Estate account in the amount of \$252,043.

Mr. John Farrell, Controller, indicated that he would like to have written confirmation of your approval in time for the Finance Committee hearing on the supplemental appropriation request which will be heard on Wednesday, August 13, 1975.

As Mr. Kakebe indicated, the funds that are borrowed from your department will be paid back when the bonds issued by the non-profit corporation are sold, probably in January, 1976.

The condemnation judgment has been filed with the court on August 7, and payment is required within 30 days. As this is an urgent matter in the construction of the new Social Services building, we are asking for your prompt cooperation. We appreciate your help in this matter very much.

Sincerely,

Chief of S. F. Fire Dept.
260 Golden Gate Avenue
San Francisco, Calif.

Gentlemen:

On August 10th of this year at 8:02 pm, I had an emergency involving ammonia fumes from the central refrigeration at this apartment house building, 525 Hyde St. This letter is for the purpose of commending highly the fast response and efficiency of the fire dept. and all concerned.

I wish to offer my heartfelt thanks and praise to the acting chief who I was told was Ed O'Donnell, Eng. Co. #3, Rescue Squad #2, Battalion #4 and Station #38. They were great. A drunken tenant was giving me a bad time in the face of this emergency, but the firemen stood by ready to help me if need be. God Bless them all. My enclosed copy to Board of Supervisors expresses my feelings regarding pay, etc., for policemen and firemen.

Sincerely,

/s/ Patricia Friedman, Manager

Gentlemen:

On Monday, August 25, 1975 about 7:00 pm, my wife became seriously ill and needed oxygen to assist her to breathe. I phoned the Fire Department and they sent the oxygen and an Engine Company, the number of which I do not know. I would like to express my thanks to Captain Dick Conti, and the personnel involved, for the consideration and manner in which they handled the emergency. Convey my compliments, also, to the personnel who received the phone call, for the expeditious manner in which the response was carried out. After five days in St. Mary's Hospital my wife has returned home and is in what they describe as a "guarded condition". Again, many, many thanks.

Sincerely,
 /s/ Leo T. Burns

Gentlemen:

Recently my husband and I returned from a brief vacation to find that the upstairs flat in our building (whose tenants were also absent) had developed a serious plumbing problem and on Sunday, Aug. 24, the whole building underwent a watery baptism. A friend who was caring for our dog reported water in the basement to the Fire Department and the station at Engine 31 at Geary & 12th Avenue responded I M M E D I A T E L Y and vacuumed up the water on two levels in the building AND most efficiently and thoughtfully cared for such things as lifting up the rugs to dry, moving paintings, putting large containers under major leaks and all in all, left the building in amazingly good shape. They certainly helped us from incurring even more serious material damage. As I continued to check things out, I was amazed at the care with which the Firemen had treated our property. One more postscript: One other time, we experienced their amazingly fast response when we reported a woman driver (pulled over 19th Avenue one night) who was in need of oxygen. In less than 5 minutes or so of our call, the firemen from Engine 31 were on the spot administering oxygen and had even called for an ambulance! So, this letter is a warm THANK YOU to the men at Engine 31 and we wish to say you do an excellent job and we're glad you're there! Best wishes and thanks

To the Firemen who stopped at Lyon and Golden Gate Ave. on August 28, 1975 at approximately 6:20 PM. We really appreciated your concern for our well-being and your thoughtfulness in staying with us until the police arrived. We forgot to get the truck number or any names but thought by sending this to Headquarters the expression of thanks could be passed on to these men. We really appreciated their concern. Again, thanks so much.

September 5, 1975

Dear Chief Calden,

I must write to tell you the heroic way the men of Engine Company #11 worked
to try to save a woman's life yesterday at 23rd & Mission in a 5 & 10 cent
store. I don't know whether she made it. I hope and pray she did. If I had
any money I'd certainly send a big check for these men. All I can do is pray
for them and bless them. Everytime they want a raise or whatever, I'm for it.
So are my friends and family; also my vote and support in any way I can help
bring attention to the wonderful way these men performed, so the public's eye
will know of their courageous works of mercy. Many thanks for your extra ser-
vice of saving lives. With much love to you and your men.

Dear Chief Calden:

I would like to express my thanks, through you, to the staff of Auxiliary Pump
Station 2. As you are aware, Station No. 2 will soon be converted to diesel
power and our staff has been busy recording the facility in its last days of
steam operation. Recently, two sound engineers and a ranger went down to re-
cord the sounds of the station during a weekly test-run. Senior Engineer Clement
Ferreira and Junior Engineer John Shumpert were the firefighters on duty, and
they were extremely helpful to my staff. Our job involved running electrical
cables, setting microphones, and operating the recording machines, and through
all of it your men were helpful, courteous, and extremely patient throughout
the numerous minor setbacks of recording. With their help we were able to make
an excellent sound tape which will be invaluable to us in future interpretation
programs. Again, I would like to express my thanks to you and Engineers Ferreira
and Shumpert.

Sincerely yours,

/s/ Stephen S. Heath

September 23, 1975

Honorable President and
 Members of the Fire Commission

Gentlemen:

In compliance with Section 4001 of the Rules and Regulations and Section 8.343 of the Charter, I herewith file a formal complaint against Fireman Francisco R. Sandoval, Engine Company No. 29.

On June 1, 1974, Fireman Sandoval pleaded Guilty to one count of selling heroin, a felony.

On July 22, 1974, the Court determined that Fireman Sandoval was then a heroin addict and he was committed to the California Rehabilitation Center at Corona, California for treatment. In April of 1975 he was released and is now on parole.

Fireman Sandoval has demonstrated by his criminal actions and moral fibre that he is unfit to carry out his duties as a fireman and has therefore demonstrated Inaptitude for Duty, a violation of the Rules and Regulations of the Department, Section 3921.

Fireman Sandoval has failed to keep repeated appointments with me, through his lawyer, since his release. I therefore recommend that a hearing be conducted by the Fire Commission concerning his status in the Department. Pertinent reports are attached.

I declare, under penalty of perjury, that the aforementioned charges set forth are true and correct.

Respectfully submitted,

/s/ Keith P. Calden
 Chief of Department

3. Matters Represented:

Secretary Connors read the following communication from Chief of Department:

October 2, 1975

Honorable President and
Members of the Fire Commission

Gentlemen:

It is my strong recommendation that the attached resolution be approved which provides for the acquisition of a strip of land 30 feet wide by 120 feet long on the east side of Station 8, No. 36 Bluxome Street. This will provide a much needed drill, recreation, and off-street parking addition at a very minimal cost. Because of the heavy traffic in this commercial area no outdoor drills can be conducted during week days and there are presently no off-street parking facilities for this station.

Clearance from the City Planning Department has been secured and funds are available in our land fund to cover the cost of such acquisition.

Respectfully submitted,

/s/ Keith P. Calden
Chief of Department

Keith P. Calden, Chief of Department
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Chief Calden:

Yesterday I had the opportunity to receive the services of two men from the Office of the Mayor-Emergency Services: Lt. Fred O'Donnell and Lt. Joe Fetchin. These men came to our office and helped launch our updated Safety Program, by showing a film on "Highrise Fires" and another on "The Use of Fire Extinguishers". They also gave comments on general office and home emergency plans, and fielded many questions. There were over 200 employees from my company at these sessions, and the reaction from everyone was: great! I want to thank them again for their help and enthusiasm.

- C) Submitted report of Chief, Division of Training, for the month of September, 1975.

President Bernstein directed copies be sent to each Commissioner and filed for the record.

- D) Recommended that the Department of Electricity be requested to remove street fire alarm box No. 6573. The location is as follows: Cameron and Nichols Way. This removal is required to reduce numerous alarms occurring at this location. These false alarms totaled 237 in 1973; 162 in 1974; and 81 reported up to July 31, 1975. It is anticipated that by the end of this year false alarms at this box will at least equal 1974.

San Francisco, CA. 94102

Dear Chief Calden:

We would like to express our appreciation to your men of Engine Company 13 for their quick response and excellent assistance in answering our call on October 1st at approximately 4:00 am. Their expedient action in controlling the flood condition in our basement supply area at 475 Sansome Street saved us from a considerable loss in supplies. Again, many thanks to the men of Engine Company 13 for a job well done.

Sincerely,

Captain Joseph Figletti
San Francisco Fire Department-Truck Co. 7
2300 Folsom Street
San Francisco, CA. 94110

Dear Captain Figletti:

On behalf of this Society, I want to thank you and the six men of your company for your prompt and effective action in the rescue of a cat from between walls at 551 Guerrero Street on October 5. State Humane Officer Bob Poetzl has told me of the long and difficult work that was needed to extricate the cat unharmed, adding that you all "did a magnificent job". Such continuing cooperation between the San Francisco Fire Department and our humane officers often makes the difference between failure and success in the rescue of animals and birds in distress, as it did here. It reflects great credit on the Department and merits our gratitude. Please share this letter with the men of your unit and assure them of our deep appreciation for their help.

Sincerely,

/s/ Charles W. Friedrichs

To Whom It May Concern:

This is a letter of congratulations to Richard Dineen, Technical Supervisor, Division of Training, for presenting such an excellent program to the Lutheran Church Women of Ebenezer Lutheran Church on October 7, 1974. We had our own "emergency" at Ebenezer when we found out at noon on October 7th that the American Red Cross speaker, who was to give us a program on Resuscitation and other basic life emergency first aid, would not be able to come and that it was highly unlikely that anyone else from the Red Cross would be able to substitute either. You can imagine my gratitude when Richard Dineen called at 4 o'clock and said he understood that we needed a program for that evening and that he would like to come; he accepted this speaking engagement with less than 4 hours notice! Richard Dineen gave an informative talk on the many services your department provides, visually demonstrated many basic life support measures, and fielded the Question and Answer session with great expertise; I just felt you should know what an outstanding program he presented to us.

Sincerely,

/s/ Mrs. Wm. Batten, President
Lutheran Church Women

October 5, 1975

Mr. Raymond G. Connors, Jr., Secretary

260 Golden Gate Avenue
San Francisco, CA. 94102

Dear Mr. Connors:

Because of certain prior commitments it will be exceedingly difficult for me to attend the preliminary hearing scheduled October 14, 1975, concerning the status of our client, Fireman Francisco Sandoval. I would therefore formally request that said hearing be postponed until October 27, 1975.

Mr. Ziesch presented each Commissioner and Chief Calden with a file folder containing statements and pictures of the most severe fires that have occurred in Hayes Valley during the last year.

At Mr. Ziesch's request, Mr. Al Cole representing the Bureau of Building Inspection and Mr. James Wong, representing the Department of Public Health, each made an oral report concerning matters within his jurisdiction.

Chief Calden stated that he would initiate a request to Mr. Tatarian, Director of Public Works, Dr. Francis Curry, Director Public Health, and Mr. Thomas O'Connor, City Attorney, requesting that a Task Force be formed for the purpose of meeting the problem outlined by Mr. Ziesch. Chief Calden stated that his first step would be to increase Home Survey inspections within the Hayes Valley area. He also stated that he would keep Mr. Ziesch abreast of any developments.

President Bernstein suggested that Mr. Ziesch and the fifteen to twenty members of his committee who were in attendance, continue to bring this serious problem before the responsible Commissions and Departments of city government.

Two representatives of Local 798 were present at this meeting, Gerald Schroff, Vice-President, and James Lee, Director.

Chief Keith Calden
260 Golden Gate Ave.
San Francisco, CA.

Dear Chief Calden:

It certainly fills me with great pleasure to commend you for having the firemen at Station 14 in your department. We sponsored a Junior Fire Marshall program at the Katherine Burke School which was a huge success because of men like Inspector Mike Patterson, Lieutenant James Rossbach, and Theodore Gold. Inspector Patterson gave a fire prevention talk. Lieutenant Rossbach gave a demonstration with the hook and ladder truck with a question and answer session after. Fireman Theodore Gold did the same with the fire engine. The communication between your men and the children was terrific. They were able to relate the importance of fire prevention to all the children and teachers as well as myself. The following is a list of all of your

firemen who helped in this successful program:

Lieut. James A. Roszbach	Firefighter Gary S. Barisone
Firefighter Tilden I. Hansen	Firefighter Robert C. Jonsen
Firefighter James C. Riley	Firefighter Edward B. Benedetti
Firefighter Edward F. Cruz	Inspector Mike Patterson
Firefighter Phillip R. Kavanaugh	Lieut. Jack D. Webb
Driver Theodore Gold	

If ever I can be of any help to the fire department please don't hesitate to ask for my support. Thank you again.

Cordially yours,

/s/ Tom Hoshiyama, Jr.

Although I was not personally able to attend, I understand through our District Safety Representative Ms. B. J. Dear Chief Calden:

As president of the San Francisco P.E.O. Reciprocity Bureau, I would like to thank, through you, Richard Dineen. Keith P. Calden, Fire Chief
San Francisco Fire Department
260 Godlen Gate Avenue
San Francisco, California 94102

Dear Chief:

Just a few lines to express our sincere thanks and appreciation for the prompt and efficient service rendered by one of our units.

Saturday evening, September 27th, our organization held a dinner at the Sons of Italy Hall, 5051 Mission Street. During the course of the evening one of our members suffered a severe attack, whether cardiac or choking on food I do not know, however the Fire Department and the Emergency Hospital were called, both responded within minutes. Your men performed as professionals, which they are, and within seconds had the man breathing again and was able to be removed to the hospital for further treatment. Were it not for the prompt and efficient service rendered by your men, I believe our member would have become a statistic.

On behalf of our member, Lee Pruitt and the entire membership of the International Footprint Assn., we wish to express our thanks to you and your men.

Very truly yours and best wishes, I remain,

/s/ Romolo Vergano

San Francisco, CA 94121

Dear Captain Arneson:

On behalf of this Society, I want to thank you and the three men of your company who acted so effectively in the rescue of a dog from the rocks near the Cliff House on October 9.

We would particularly like to thank Fireman Michael Weissgerber for making the steep descent and bringing up the dog. Such continuing cooperation between failure and success in the rescue of animals and birds in distress, as it did here. It reflects great credit on the Department and merits our gratitude. Please share this letter with the men of your unit and assure them of our deep appreciation for their help.

Sincerely,

To Chief K. Calden:

Dear Sir:

Early Saturday evening, October 18, 1975, whilst attending a wedding reception in Belmont, I suffered what was eventually diagnosed as a heart attack. I have since learned that I was unconscious for approximately 45 minutes. Prior to and following the arrival of the Belmont Fire Department, I was attended by 3 members of the San Francisco Fire Department, and am assured that but for their prompt action and expertise, I would not now, probably, be able to write this letter. Therefore, I would like, through you, to express my deep thanks and gratitude to Ernest MacCarthy, Mel Graham and Charles MacCarthy (Father of the bride), since undoubtedly the prompt action of these gallant gentlemen saved a disastrous ending to this joyous occasion.

Sincerely,

/s/ Ellin S. Scott.

Chief Calden:

Dear Sir:

I want to congratulate your Division of Training. Today we were told, or explained, various things to do or not to do by one of your fire officers; it was very interesting and educational. I have learned from this get-together how to cope with certain fires, resuscitation and heart attacks. You all have good reason to be proud of your fire dept. Oh yes, the fire officer's name is Dineen-that guy really knows his stuff.

Respectfully,

/s/ Robt. P. Harper, Sr.

P.S. We had this meeting at 240 - 4th Street Senior Activity Center.
P.P.S. I am casting my vote for you all.

Dear Sir:

On October 10th your unit (Engine Company 16) answered my call to help my wife who was unable to catch her breath. The call was answered almost immediately and I know saved her life until the public ambulance was able to get her minutes later to Children's Hospital and the awaiting doctor. Private ambulances were not available. She had a collapsed right lung and the gentle, kind, efficient help she received from your men can never be adequately repaid. Those men were wonderful and I can't praise them enough. Please tell them how much we appreciated all they did.

Sincerely,

/s/ William F. Clewe

November 1st, 1975.

Dear Chief Calden,

We, the public, are so quick to gripe, and so slow in complimenting. Please forgive my delay in writing this note to you. I am having some remodeling done to my home on Warren Drive, and the contractor has had to remove about two thirds of the roof for the addition above. Of course, that was the week that we had to have several rainstorms. Though the contractor had securely covered the roof area with heavy plastic, on the evening of October 9th the water became too heavy, broke the plastic and came streaming through my whole house. The contractor called the Fire Department for tarps and help. I want you to know that your men were absolutely wonderful-helpful, efficient, conscientious, careful, sympathetic, and reassuring. In short, they could not have done anything more or better. I believe they came from the Stanyan Street Station because for some reason our own Clarendon Station was not in operation. I don't know how to say "thank you" enough to you, the department, and the individual men who came to the rescue. I know that they were only doing their job, but I certainly appreciated them! Thank you, again!!

Sincerely,

/s/ Miss Dorothy J. Clazie

On behalf of the Association, I take this means to thank you for what you have done. It certainly proves that by working together good people such as you do make THE difference.

Chief Keith P. Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

The University of San Francisco recently had cause to call upon the services of Battalion 5 and, particularly, the officers and men of Engine Company 21, as a result of a series of fires in one of our residences. Before things were resolved, we also saw a good deal of the Arson Squad. Needless to say, our students and staff were nervous and very sensitive during this period. The competent, professional demeanor and the understanding and tact displayed by these men was much appreciated by us all. I hope that you can relay our thanks to them. I cannot say that we enjoyed having you on campus! However, it is good to know that such men are available when they are needed.

Sincerely,

Dear Sir,

I wanted to tell someone how thankful I am for the actions of Firemen Kim, Leanio, & White (Eng. #2). These men saved my father's life November 15 by bringing him oxygen. It was only a matter of seconds after I called that they were at work. I'll never forget what they did. I love them for it. I had to thank someone. The fire department is super!! No end of thanks.

Chief Keith P. Calden, Fire Department
260 Golden Gate Avenue
San Francisco, California 94102

Dear Chief Calden:

On behalf of Children's Hospital, I wish to extend our sincere appreciation for the participation of SFFD personnel in our November 12th disaster drill. The assistance rendered by Inspectors Paul Lindsay, Bob Willet, and Acting Inspector Ed Benedetti, contributed greatly to the execution of the exercise. We are especially grateful for the assistance rendered by Lieutenants Joe Fetchin and Fred O'Donnell, working with OES. They have been an invaluable source of advice and help during the planning stages of the drill, as well as providing additional aid in the development of our overall hospital fire and safety programs. These gentlemen have often gone out of their way and expanded a good deal of their personal time and effort in contributing to our organization's fire safety efforts. Lieutenant O'Donnell's observation and critique of the drill will greatly enhance the refinement of our disaster plans. We look forward to a continuing cooperative relationship with SFFD.

Sincerely,

/s/ Richard P. Muller
Chairman, Disaster Committee

San Francisco Fire Department

Dear Chief Calden:

On 14 November, 1975, firefighting units from the San Francisco Fire Department responded to a request for assistance to extinguish a greater alarm fire involving the third floor of Building 1206, Presidio of San Francisco. The rapid response of your units and the control and firefighting actions taken by your officers and men contained the fire to the south section of the third floor, thus prevented the total destruction of this multistory structure. The support given with the generous amount of fire equipment and firefighters is greatly appreciated. Please convey my feelings of thanks to your men for a job well done.

Sincerely,

/s/ Warren J. Lodge

San Francisco Fire Department
260 Golden Gate Ave
San Francisco, Ca. 94102 -- Attention: Fire Chief Keith Calden

Dear Chief Calden:

I want to thank you and members of your department in Rescue 1 and the Fire Boat, and volunteer Fire Department divers Bob Moore and Mike McKinley, for their assistance in helping the Auto Detail in recovering two vehicles from San Francisco Bay on Wednesday, December 3, 1975. It is this type of cooperation between the Police and Fire Departments that makes all of us proud to be members of the emergency services.

Yours truly

Dear Chief,

Here for two retreats. Today I learned the sad news about the fire-truck fatalities: I have asked the 60 men on retreat for special prayers. Our Medic Alert Week will be in March instead of January. All God's blessings,

Sincerely in our Lord,

Sir, I am a former policeman retired 13 years ago as acting lieutenant. I sued when there was physical injury and got my money. Sir, I don't think it was the fillerman's fault - maybe the tires had too much air.

To Whom it May Concern: - Fire Chiefs -

I am heartbroken over the accident that happened today. My husband Francis X died six months ago, he died of "Emphysema"-was a retired New York City fireman, a tillerman on H & L. After 42 years of marriage, he still lives with me and we both are so sorry for the firemen involved in that accident. The dead casualties are gone, but the "men" on that truck will have to live with that horror the rest of their lives. I will pray for them and hope they will be able to adjust. With all my affection,

December 6, 1975

My dear Chief:

Will you please extend my heartfelt sympathy to the driver whose engine ran into difficulty yesterday. I'm amazed that there are so few accidents. I imagine some "idiot" was in his way and in his desire to avoid him he had to swerve. I've seen these "idiots" in cars and walking endeavoring to get accross the street before engine got there. This is disturbing to a driver who is doing his duty. Please tell him for me to have no sense of guilt feeling. There are few men who can do these hazardous jobs. Give my blessings to your staff - I think you all do a great job.

Most sincerely,

/s/ Claudia Mackenzie

Commissioner Tham moved and Commissioner Hunt seconded report of temporary assignments be approved.
President Bernstein: So ordered.

IN THE MATTER OF FRANCISCO R. SANDOVAL, Mr. Connors informed the Commission that the continuation of the Preliminary/Formal Hearing was scheduled for Monday, December 22, 1975 at 10:30 AM. All the members involved had been notified and all agreed on the date and time.

Secretary Connors then stated that James Lee, a director of Local 798 was present at this meeting and was requesting the opportunity to address the Commission and to read into the minutes a telegram which has been sent that morning to the Commission. He was granted the opportunity and following is the text of that message:

"San Francisco Fire Fighters Local 798 believes that an unparalleled state of emergency exists in San Francisco today. Sunday, December 14, 1975, San Francisco Fire Department operated at 100 men below the manning level required to maintain even the minimum safety levels for the city of San Francisco.

"Friday, December 11, 1975, the day of the tragic Valencia Street fire, the San Francisco Fire Department was 62 men below the minimum safety level.

"The crisis is worsening each day. The present level of manning will not even begin to protect the city or its citizens, and it makes the working conditions of the San Francisco fire fighters extremely hazardous.

"The minimum safe manning for San Francisco, is at least 4 men and 1 officer per engine and 1 officer and 5 men per truck company. On Sunday, December 14, the San Francisco Fire Department was operating with 1 officer and 2 men on engines and 1 officer and 4 men on truck companies. If another tragic Valencia Street type fire should occur, our firefighters could not even raise a 50 ft. extension ladder without receiving assistance from another truck or engine company.

"We demand that the Mayor, the Board of Supervisors, the Fire Commission and the Fire Chief immediately recognize this emergency, and stop this irresponsible manning level.

"We demand and request the Mayor to convene an extraordinary meeting on Monday, December 15 of the Supervisors, Fire Commission, the Mayor and the Fire Chief to meet with representatives of Local 798.

"We demand that the media stop ignoring this emergency, and investigate and make the public aware of this extreme danger.

"If the city fails to act on Monday December 15, 1975, we will go to the Governor of the State of California. There is no way that the San Francisco firefighters will continue to work at manning levels below those established as safe and reasonable. There is no reason citizens should continue to permit these sub-standard safety conditions to continue.

James T. Ferguson, President
San Francisco Firefighters Local 798
337 Valencia Street, San Francisco "

Director Lee asked for a reply. Chief Calden responded that he, too, was very apprehensive regarding this situation. There is no money left to pay overtime for these positions. The men have been asked to work for compensatory time during this crisis which hopefully will be over by September, 1976. The Fire Department has sent a Request for Supplemental Appropriation to the Board of Supervisors.

President Bernstein opined that it was more a question of money with the men, rather than the safety which was emphasized in the telegram. Director Lee agreed that the men were unwilling to accept compensatory time because they were not assured of either getting the time off, or whether the particular time would be of their choosing. That there was a morale problem was conceded by all.

Chief Calden assured Director Lee that he, the Deputy Chief and the Commission would meet with the Mayor, the Board of Supervisors and the Union representatives at any time. Commissioner Tham suggested that this be confirmed in writing and Chief Calden agree to do so.

There being no further business to come before the Commission, the meeting was adjourned at 1030 hours.

Raymond G. Connors, Jr.
Secretary

Firehouse Station 4

San Francisco, Ca.

Dear Sirs:

This is the first opportunity I have had to write you and to thank your men of Firestation 4 for the marvelous job they performed on my husband when he fainted on November 29th at Grison's Steak House between 8:30 and 9:30 PM. The three men were outstanding in their performance, execution of duties and personal help to me and my family. They deserve the highest praise and commendation.

Dear Chief Calden:

I am writing this letter in regards to the disastrous fire which struck San Francisco last Friday morning. Your men did an excellent job in fighting that fire and more important in saving the lives of many people. I certainly hope you will send a letter of commendation to each individual fireman of at least the first and second alarm companies who responded to that fire. These men acted so unselfishly in putting their own lives in danger to rescue another human being. I'm sure they consider what they did as just another days work. The public does not realize what a fireman goes through both physically and mentally. Please take my advice in sending letters to those brave men who fought that fire. I do think it would help to raise the morale of your men who do an outstanding job in protecting such a large city. I pray for all the wounded men that they might heal quickly and return to jobs they must love very much. You have a fine fire department full of truly dedicated men.

Sincerely,

/s/ Nandee Fewell

Fire Department Commissioners

San Francisco, Ca. 94102

An Open Letter to the Fire Department:

THANK YOU. I live on the corner of 16th and Valencia. For the past two months I have seen the excellent teamwork and efficiency that the San Francisco Fire Companies do to give them the deserved title, "One of the Best in the Country". Prior to the holocaust of Friday, December 12th, I have personally seen you responding quickly to at least five fire calls in the one block area between Sparrow and 16th Streets. I was one of the witnesses to the fire in the Gartland and know you could not have arrived sooner, worked faster to save lives or been any braver than you were. The rescue efforts were commendable under such circumstances. I know that all rescue efforts that were conceivably possible were used that night.

This building should have been emptied long ago. Is there a law in regard to buildings such as the Gartland, which states that when a building is condemned that signs noting this fact should be posted in all obvious place in that building? How many people living in the Gartland knew it was condemned? I have never seen a dwelling go up as fast as the Gartland. I cannot stress enough how well the San Francisco Fire Department handled their work during this tragedy. I hope certain media get off your case and put the blame where it belongs: uncaring slumlords, their moneygrubbing lawyers who have legal knowledge on how to keep these firetraps open, and the political red tape it takes to close these buildings. Thank you again. My hearing the unjust criticism you have been receiving recently stirred enough anger to write this letter. I want to let you know that I have tremendous respect for the job you are continuously doing, and the way you handled your work last Friday morning. Why is just the Arson Squad on this case - where is the Homicide Bureau? Let us think about that!

They responded immediately and were extremely well trained in this type of emergency, and were especially courteous and kind to all of us who were so upset. We regret our friend will be with us no longer, but this is God's will. Thank you very much for all your help.

Fire Chief Keith P. Calden
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

I would like to take this opportunity to compliment the firemen at Engine Company 32, Holly Park station. This morning I had to call the Fire Department for a minor emergency and their response time was excellent, they were reassuring, competent and everything I think San Francisco residents would want in a Fire Department. I know people are quick to criticize when things upset them so I want to express my appreciation to the men who responded to my call. I hope that you will pass on my compliments to them and especially for their courtesy. And if more people were like these men, we'd have more little kids saying, "I want to be a fireman when I grow up."

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, California

Dear Chief Calden:

The whole purpose of this letter is to say a sincere "Thanks". At about 5 am, Sunday, December 21, 1975, units from the SFFD responded promptly to an alarm from our water flow monitoring system. A sprinkler head on an upper floor had accidentally turned on. Water flooded the upper floor level and quickly percolated down on the lower levels, all over our newly installed carpet. All the men who responded did a very competent, professional job in getting the water off, restoring the sprinkler system, and quickly spreading tarpaulins to help limit water damage. You can be sure we really appreciate the help they gave us. You can be proud that they represented your department so well. Just a reminder that San Francisco Firemen and Police still need only show a badge or other official identification for admission with family or friends to The Wax Museum at Fisherman's Wharf and The Enchanted World of Old San Francisco at 125-145 Jefferson Street. Best wishes to you and the members of your department for a happy holiday season.

Dear Mr. Calden:

We wish to commend the promptness and efficiency of the firefighters involved in responding to the fire which occurred at our home at One Ewer Place on Tuesday, August 12 - 1:30 A.M. The firefighters were instrumental in saving the lives of my wife and myself-since we were trapped in a dark, rear room located 20 feet above an alley, with no fire escape. This was equivalent to the 3rd floor of the building across from our, on Malvina Street. Also, the Arson Inspector, Mr. Richard Crispen, who was on the scene, was especially thorough in his handling of the investigation of the arson suspected. The highly professional manner in which all the men involved conducted themselves is to be commended. We feel fortunate in having had the services of superior professionals who sacrifice their own lives to save others.

Respectfully yours,
